

Assignment Notebooks and Binders

Binder: At the beginning of the year, each student will create a binder containing the Middle School Handbook, calendar and a trimester's worth of homework assignment sheets.

Calendar: These will be used to keep track of infractions. By looking at the calendars, a parent will be able to tell if their child has received any behavior or preparation infractions. The marks will be color coded by teacher, so the parent will know in which class the infraction was received.

Mrs. Plathe - purple
Mr. Weddle - red
Mrs. Krohn - green

Homework Assignment Sheets: The assignment sheets we will be using this year allow for better communication between parent, student and teacher. By looking at the assignment sheet, parents will be able to tell what homework is due, late or completed. The teachers will initial each student's assignment sheet daily. These assignment sheets do have a place for a daily parent signature. If you feel this is not necessary, you may waive the right to a daily signature on the form. However, if a consult for homework becomes necessary, the daily signature becomes required. These assignment sheets can also be adapted to fit an individual student's needs. Please take a look at the sample sheet to make yourself familiar with the form. If you would like any changes made based on your child's needs, please let the teachers know.

I waive the daily signature of this form. _____
Parent Signature

I will sign the assignment sheet daily. _____
Parent Signature
